

The adults at our school want to make sure everyone is happy

The adults at school listen when children are not happy and will try to help.

Sometimes your teacher might tell another person to make things better.

You might be worried about something that has happened at home or school.

You might be worried about something that happened when you were out or at someone's house

If you are worried you should tell someone you trust like your teacher or Mr Cushnie

The adults at school will try to help you and try to make things better
